

KMFRI ENTERPRISES SERVICE

THE DOLPHIN CONFERENCE FACILITY

The Dolphin conference facility is located within the Kenya Marine and Fisheries Research Institute (KMFRI) at the English point in Mkomani. It offers a one stop shop for conference needs at competitive rates. It is equipped with state of the art conference suite and offers pre-conference arrangements. It is surrounded by a serene panoramic view of the Indian ocean, the old town and Mombasa Island.

Location

The Dolphin conference facility is located in Mombasa, Kenya within the Kenya Marine and Fisheries Research Institute (KMFRI) at the English point in Mkomani. One can approach it by taking a right turn immediately after the Nyalali bridge from Mombasa island or Airport and turning left at Kingeleni traffic lights when approaching from the North coast.

FACILITIES

Sitting capacity

The air conditioned Dolphin conference facility is an ideal and suitable venue for conferences, seminars, workshops, trainings and short courses. The facility has a theatre style sitting capacity for a maximum of 150 people and a maximum of 60 people seated with tables arranged.

Conference utilities

The Dolphin conference centre has state of the art conference equipment and support infrastructure. The facility has modern LCDs, a 42inch LCD-TV, a state of the art public address system and cordless microphones. Any other specialized equipment required may be outsourced at extra cost. There is high speed wireless internet access for participants. Photocopying, spiral binding, secretarial services are all available at prevailing commercial rates

Hiring period

The Dolphin conference centre is available for hire on half day or full day basis

Catering and refreshments

The Dolphin conference facility has provisions for refreshments during health breaks. Pre-arranged outside catering units serve their meals at the Lobster terrace overlooking the Indian Ocean and the Mombasa town. There is also the Rock Cod restaurant serving half portion and full portion menus at competitive prices.

Audiovisual services

Audiovisual services are offered on request during the conference by professionally trained crew at the Dolphin facility with modern audiovisual equipment. The participants are thus left with permanent memories of their functions in still and motion formats. The Dolphin facility is also linked strongly to the media houses for coverage of functions on request.

Pre-conference arrangements

The Dolphin conference facility provides on request pre-conference arrangements ranging from hotel bookings and accommodation, airport transfers, ticketing and transport to and from the conference centre based among other things on their experience from the number of high profile international, regional and national meetings they handle frequently. Post conference events are also organized on request.

One stop shop

The facilities available at the Dolphin conference centre make her a one stop shop for your conference requirements

Service

The Dolphin conference centre believes in high quality service delivery and has a reputation for friendly and efficient service delivered with professionalism and attention to detail. The centre caretaker attends to specific needs of clients and values their comfort and offers simplified solutions to challenges to any specific issues as might arise.
