# Harnessing Full Potential of the Blue Economy through Research and Innovation

**A SUSTAINABLE BLUE ECONOMY CONFERENCE SIDE EVENT**

Dear friends,

We would like to invite you to a research and innovation side event:

## **Harnessing Full Potential of the Blue Economy through Research and Innovation**

**November 27<sup>th</sup> 2018, 5:00 - 7.00pm**

University of Nairobi, Main Campus (Room: MSc 001)

Are you interested in discussing the Kenyan aquatic resources, deep-sea research, critical marine habitats and the use of marine spatial planning as a tool for sustainable coastal development? Will you be attending the Sustainable Blue Economy Conference or are you aware of any interested people who will be present? In that case you are invited to contribute to a discussion on how these resources can be harnessed for national development and community livelihood?

The event is organized by the Kenya Marine & Fisheries Research Institute (KMFRI) in partnership with the Wetlands International and other organizations. You can find further information in the attached invitation flyer. Kindly **share the event with your network and forward it to potentially interested participants.**

We look forward to seeing you there!
